

DUNCAN

Built to work.

DUNCAN GENUINE PARTS

BUY GENUINE DUNCAN PARTS

Duncan Seed Drills are manufactured to perform to the highest level in tough conditions, and to enable them to perform as you expect, it's important to replace parts with the real deal - genuine Duncan parts. Why? To protect your investment and save costs on wear and tear. Don't spend your valuable time and money replacing with copied inferior parts that won't go the distance.

We stock an extensive range of genuine parts including these and many more. We are the exclusive supplier of Duncan parts in NZ, having sourced our parts from quality, reputable overseas component manufacturers. Buy the right parts for the best performance from your Duncan drill.

Contact us or your nearest stockist Duncan Dealer to enquire now.
